1 Membership of the Committee

The Committee must consist of:

- only non-executive directors;
- a majority of independent directors;
- an independent chair, who is not chair of the Board; and
- a minimum of 3 members of the Board.

The Board may appoint additional non-executive directors to the Committee or remove and replace members of the Committee by resolution. Members may withdraw from membership by written notification to the Board.

Non-committee members, including members of management and the external auditor, may attend meetings of the Committee at the invitation of the Committee chair.

It is intended that the members of the Committee between them should have the accounting and financial expertise, and sufficient understanding of the industry in which the Company operates, to be able to effectively discharge the Committee's responsibilities effectively.

The Company Secretary must attend all Committee meetings as minute secretary.

2 Administrative matters

2.1 Meetings

The Committee will meet as often as the Committee members deem necessary in order to fulfil their role. However, it is intended that the Committee will normally meet at least quarterly.

2.2 Quorum

The quorum is at least 2 members.

2.3 Convening and notice of meeting

Any member may, and the Company Secretary must upon request from any member, convene a meeting of the Committee. Notice will be given to every member of the Committee, of every meeting of the Committee, at the member's advised address for service of notice (or such other pre-notified interim address where relevant). However, there is no minimum notice period and acknowledgement of receipt of notice by all members is not required before the meeting may be validly held.

2.4 Rights of access and authority

The Committee has rights of access to management and to auditors (external and, if the function exists, internal) without management present, and rights to seek explanations and additional information from both management and auditors. Whilst the internal audit function reports to senior management, it is acknowledged that the internal auditors also report directly to the Committee.

The Committee may seek the advice of the Company's auditors, solicitors or such other independent advisers as to any matter pertaining to the powers or duties of the Committee or the responsibilities of the Committee, as the Committee may require.

2.5 Minutes

Minutes of meetings of the Committee must be kept by the Company Secretary and, after approval by the Committee chair, be presented at the next Board meeting. All minutes of the Committee must be entered into a minute book maintained for that purpose and be open at all times for inspection by any director.

2.6 Reporting

The Committee chair will prepare a report of the actions of the Committee to be included in the Board papers for the Board meeting next following a meeting of the Committee. The report will include provision of meeting agendas, papers and minutes of the Committee.

The Committee chair will also, if requested, provide a brief oral report as to any material matters arising out of the Committee meeting. All directors will be permitted, within the Board meeting, to request information of the Committee chair or members of the Committee.

5 Review

The Board will, at least once in each year, review the membership and Charter of the Committee to determine its adequacy for current circumstances and the Committee may make recommendations to the Board in relation to the Committee's membership, responsibilities, functions or otherwise.

External Audit Policy

Appointment

The Audit, Business Risk and Compliance Committee (**Committee**) has the responsibility and authority (subject to *Corporations Act 2001* (Cth) requirements) for the appointment, reappointment, replacement and remuneration of the external auditor as well as evaluating its effectiveness and independence. The Committee will review the appointment of the external auditor annually based on its assessment of the auditor's performance.

Assessment of External Auditor

The Committee will review the performance of the external auditor on an annual basis after completion of the year-end audit. In evaluating the effectiveness of external audit, the Committee will assess the effectiveness of the external auditor based on a number of criteria including but not restricted to:

- the overall comprehensiveness of the external audit plan;
- the timeliness and quality of communications promised under the plan and delivered during the audit;
- the competency and industry knowledge of external audit staff; and
- the adequacy of resources to achieve the scope as outlined in the plan.

The Committee will seek feedback from management during the assessment process.

Independence

The Committee will review and assess the independence of the external auditor, including but not limited to any relationships with the Company or any other entity that may impair or appear to impair the external auditor's judgement or independence in respect of the Company. The review and assessment will be carried out annually at the time the external auditor presents its annual audit plan.

Prior to this review, the Committee will request a report from the external auditor which sets out all relationships that may affect its independence, including the provision of non-audit services, financial relationships, employment and other relationships and any other matters that may reasonably be thought to have bearing on the external auditor's independence.

The report should outline any safeguards that the external auditor has in place to reduce any threat to independence to an acceptable level.

Before the directors approve the half-year and full year accounts, the external auditor will be asked to provide a declaration testifying to its independence in respect of the financial period in question. The external auditor will have a continuing obligation to notify the Committee, via the Company Secretary, of any new information it believes may be material to reviewing its independence.

The Committee has responsibility to develop and oversee the implementation of the Company's policy on the engagement of the external auditor to supply non-audit services and to ensure compliance with that policy.

Rotation of External Audit Engagement Partner

The external audit engagement partner is required to rotate at least once every 5 years.
