1. Introduction

You can use the Upgrader Program to upgrade the software of your Thuraya XT DUAL if Thuraya releases a new software version. To upgrade the software please follow the 3 steps described in this manual:

ו	Insert your Support-CD and click on 'THURAYA XT DUAL Upgrade' to copy the Upgrader program and the required drivers on your PC Note: You can also start the upgrade process by downloading and running the latest Thuraya XT DUAL upgrader.exe file from <u>www.thuraya.com</u>
2	Click the newly created desktop icon to start installing the Upgrader program and the drivers
3	Upgrade your Thuraya XT DUAL software

Equipment & software requirements:

- Thuraya XT DUAL phone
- Thuraya XT DUAL Upgrader program*
- USB data cable (included inside your phone packaging)
- PC or Laptop with one of the following Operating Systems:
 - > Windows 7
 - > Windows Vista
 - > Windows XP

* The Upgrader program can be found on the Support-CD included in your phone packaging or can be downloaded from the Thuraya website <u>www.thuraya.com</u>

2. Software upgrade with Windows 7

2.1 Installation of the Upgrader Package

 Please insert the Support-CD included in your phone packaging and open the Thuraya XT DUAL Upgrader or click on the Thuraya XT DUAL upgrader.exe after downloading it from the 'Support' section on the Thuraya webpage <u>www.thuraya.com</u>. The Thuraya Upgrader.exe icon will be shown on the desktop and clicking it will start the setup.

(Note: Upgrader Package includes Software Upgrader, ActiveSync, USB Drivers)

Installing USB driver.

After installation a new desktop icon will appear on your desktop.

InstallShield Wizard Complete
The InstallShield Wizard has successfully installed Thuraya XT DUAL. Before you can use the program, you must restart your computer.
 Yes, I want to restart my computer now. No, I will restart my computer later.
Remove any disks from their drives, and then click Finish to complete setup.

Select "Yes, I want to restart my computer now" and click Finish to complete the upgrader installation.

- 1) After the installation, switch on your Thuraya XT DUAL phone with a sufficiently charged battery.
- 2) On your XT DUAL phone, set 'Data Port' to Active sync under Menu→Settings→System→External connection→Active sync→OK.
- 3) Connect your Thuraya XT DUAL with the PC using the USB cable. Windows will automatically install your Thuraya XT DUAL driver.

(Note: if your PC does not detect the new hardware automatically, you need to use the manual detection described in section 4.2).

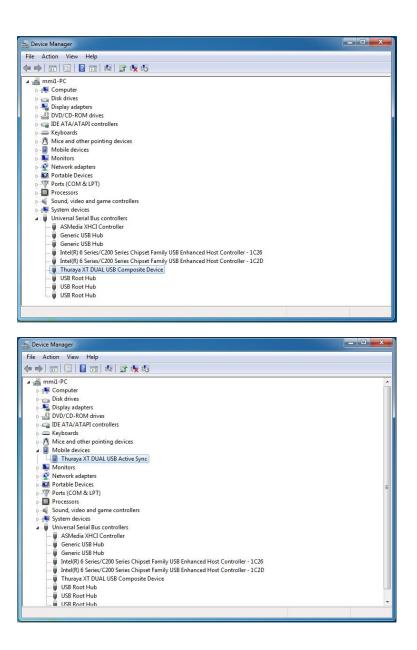

Optional: If you want to check if the USB driver is installed properly, select 'Hardware and Sound' on the Control Panel.

					×

The wizard can search for other hardware and automatically install it for you. Or, if you know exactly which hardware model you want to install, you can select it from a list.		
What do you want the wizard to do? Search for and install the hardware automatically (Recommended)		
Install the hardware that I manually select from a list (Advanced)		
< <u>B</u> ack Next > Cancel		

3) Select Next.

After the new hardware is found, proceed with the steps in section 4.1.

2.3 Software upgrade with Windows 7

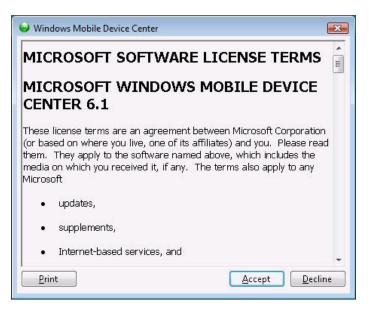

- Download the latest Thuraya XT DUAL software release from the 'Support' section on <u>www.thuraya.com</u>.
- Switch on your Thuraya XT DUAL with a fully charged battery.
- Connect the PC and the Thuraya XT DUAL using the USB cable. Make sure the Data Port on the phone is set to Active sync (Menu→Settings→System→External connection→Active sync→OK).
- On your PC, Start the Upgrader Tool (Start→Programs→Thuraya XT DUAL→Thuraya XT DUAL Upgrader) or simply double click the new icon on the desktop.

<u>Caution:</u> Once the upgrading procedure has started, please do not disconnect the data cable from the phone or PC or terminate the Upgrader program

Please ensure that you make a backup of contacts, waypoints or calendar entries that are stored on the phone.

Execute the Upgrader only with a fully charged battery to avoid abnormal operation.

In case the upgrade fails, please try again after removing and re-attaching the battery and reboot the phone.

1) Click 'Accept" on following window.

XT DUAL is connected to PC.

2) Click 'Open' and locate the software release already downloaded from the 'Support' section on the Thuraya webpage <u>www.thuraya.com</u>.

3) Start the upgrade by clicking on 'Start'.

4) Click OK to install XT DUAL USB Download driver.
