

# STARLINK ENTERPRISE

Bring Real-time Enterprise Closer

Starlink Enterprise has more than double the antenna capacity of Starlink, delivering faster internet speeds and higher throughput to remote and rural locations across the globe. Enabled by a constellation of thousands of low Earth Orbit (LEO) satellites, Starlink enables video calls, streaming and other high data rate applications.

\* Starlink service is provided on a best effort basis; stated speeds and uninterrupted use of services are not guaranteed.

## High Performance Starlink Specifications

### Antenna

- Dimensions: 57 x 51 cm (22" x 20")
- Weight (with cable): 7.2 kg (16 lbs)
- Height: 67.8 cm (26.7")
- Mast diameter: 3.4 cm (1.3")
- Operating Temperature:  
-30°C to +50°C (-22°F to +122°F)
- Outdoor use - IP56 rated

### Wi-Fi Router

- IEEE 802.11a/b/g/n/ac standards
- Dual band 2.4GHz and 5GHz
- 3x3, MU-MIMO
- WPA2 and WPA3 security
- Operating Temperature:  
-22°F to +122°F (-30°C to +50°C)
- IP54 rated (water resistant),  
configured for indoor use

### Power Supply

- Input: 100-240 VAC 50/60 Hz,  
6.3A Max
- Outdoor use - IP56 rated

### Base

- Dimensions: length 56.4 x 56.3 x 12.1 cm  
(22.2" x 22.1" x 4.7")

## Make 100% Uptime a Reality

Speedcast seamlessly integrates the latest LEO offerings in the market via our SIGMA network management platform and leading SD-WAN solutions to combine with GEO, MEO and 4G/5G for high demand applications.

The advanced network management technologies blend Starlink's broadband service with other connectivity options for a single, optimized, secure path, delivering the highest aggregate uptime and availability.

Check out the benefits of incorporating multiple pathways into a global managed service below.

## A Managed Service Approach to Getting the Most from Starlink *Keeping customers fully connected & fully supported*

### Responsive Support

24/7 phone, email & client portal support for high availability operations, without the wait

### Diversity, Redundancy & Back-up Service

Access to our complete network toolkit so you're never tied to a single, closed network

### In-field Experts

Global technicians on the ground for optimal remote site set-up and troubleshooting

### Licensing & Regulatory Expertise

Complete management of complex regulatory and licensing requirements

### Access to Added Levels of Security

Next-gen firewalls, endpoint security, secured remote access, anti-virus, threat management and intrusion protection

### Commercial, Logistical & Contractual Options

Flexible invoicing and payment options, plus industry leading SLAs

Are you ready for  
high-speed LEO connectivity?
